

The **EuroRider**

## The EuroRider Range of Luxury Passenger Coaches

The Iveco EuroRider combines luxury & flair with reliability & economy demanded by today's coach operator. Packed with features & with an impressive range of optional equipment, the EuroRider justly deserves its position of one of the UK's best selling luxury coaches.

The EuroRider has a high performance 9.5 litre, 6 cylinder turbo-intercooled Iveco engine available with either 290hp or 345hp power outputs.

The choice of gearboxes range from a 6 speed ZF manual or 5 speed ZF automatic for the 290hp unit or a 8 speed ZF manual or 5 speed ZF automatic for the 345hp engine. The EuroRider is also available with AVS "easi-shift" semi automatic transmission giving a range of gearbox options that will suit all operational needs.

Exceptional ride comfort comes as standard! The EuroRider is fitted with front & rear air suspension complete with levelling valves roll bars & dampers & can be raised or lowered by to clear small obstacles.

The EuroRider has a dual circuit air/hydraulic braking system with twin ventilated front discs & rear drums. Fitted with ABS/ASR & a Telma retarder the EuroRider braking system is both powerful & reliable.

Second driver rest cabin, toilets rear or centre, servery units, additional monitors, motorised rear view mirrors, three point passenger seat belts, extra luggage lockers, wheelchair lifts & quick release seats are just some of the optional equipment that is available for the EuroRider.

**The EuroRider -  
Add a Little Sparkle to your Life**
